## Help us reach our goal of Girls & Boys Swim Teams at SWHS in 2010-2011!

The possibility for expanding the swim program at South Windsor High School has never been greater. For a town without an indoor pool and without a full high school swim team, South Windsor has a rich tradition of swimming. We'd like to take this tradition one step further and give our kids the chance to swim as part of their high school. These teams will enable approximately 60 students in grades 9 through 12 to benefit from participating in interscholastic swimming and diving.

The time to act is now. SWHS is one of only two towns in its 21 town District Reference Group that doesn't provide full-fledged swimming as part of its athletic program and the CIAC, in its May 2008 review of the Athletic Program, recommended that swimming be expanded at SWHS. With two new facilities nearby, it is time to add full-fledged girls and boys swimming & diving teams and meet the demand that exists for interscholastic participation in this sport. While the Administration has stated their support, there is no funding in the budget and they have requested that we fully fund the program through private donations.

We are reaching out to you, the South Windsor community, for help. Please consider donating to the Friends of South Windsor Swimming. We are a fiduciary client of the South Windsor Community Foundation which is a qualified 501(c)3 charitable organization. All donations are tax deductible as allowed by law. Our first year fundraising goal is \$14,000 per team for a total of \$28,000.

Please visit us on the web to track our progress toward our goal:
